TESTIMONIALS

"It was electric..."

Angel Harrison

I enjoyed your presentation the MOST out of all the speakers at the conference. There's just something raw and relatable about you. It made me think, reflect, made me feel excited and even a bit emotional. I will 100% be at every speech you do moving forward that I know about. You lit a fire that I honestly thought was gone for Real Estate. And for that, I thank you.

Rachel Cahill

You did an amazing job at the Build Conference! I was so impressed by your spunk and drive. It was electric! The concept of what will your part in someone's story stuck with me for sure! I love that so much. You have a way of making me look within.

Makenna Moros

All I can say is bravo. I was in awe at your speech and more importantly loved how you owned the stage next to all the men and held your own. You're a badass and inspire me to do more. Can't wait to see you again!
